Energetika XXI

The conference “Energetika XXI: Economy, Policy, Ecology” has been held at UN-ECON annually since 2007. During the last thirteen years more than 2800 experts in the field of energy economics from Russia, the EU, the US and China took part in the conference. Nowadays Energetika XXI is the important international platform to unite academics, business and government representatives and to address recent developments in the energy sector on a global basis with special focus on Russia. The conference is held under auspices of Gazprom – the largest Russian energy company.

Architecture of Finance

Founded in 2010, the conference is held in partnership with Sberbank. Leading experts, researchers, representatives of banks, regional governments, federal financial authorities and investment companies from Russia and abroad take part in the conference to discuss contemporary challenges in financial sphere. An integral part of the conference is Youth Day where students and young researchers have a chance to present their articles and join the round tables. Languages of the conference – Russian and English.

SPORTS

Unecon has always been strong in sports. The university may boast Olympic champions and world cups winners among alumni.
